European Alliance for Coach Tourism: New members strengthen Alliance

Two new member federations strengthen the European Alliance for Coach Tourism (EACT). EACT Chairman Willy Della Valle welcomed MUISZ – Association of Hungarian Travel Agencies - with its President Gabriella Molnár as well as ETOA – European Tour Operators Association – with its Chief Executive Officer Tom Jenkins as new members.

Della Valle: “From the beginning on we were open to new members, because only as a strong alliance we can realise changes all over Europe. With the the Hungarian federation MUISZ we send a clear signal that we also offer an effective platform for lobbyism on European-level for federations from the Central and Eastern Europe region.”

EACT Co-Chairman Eberhardt, President of RDA and IBV, complements: “Consequently, our industry network expands more densely and widely. Moreover, the membership of the ETOA shows that also supranational federations are to be found in the alliance.”
